

ROYAL
COLLEGE of
PHYSICIANS of
EDINBURGH

100 Years of Insulin

Online | Friday 28 January 2022

Session 1

- JJR Macleod: co-discoverer of insulin and unsung hero
- Leonard: celebrating 100 years of insulin
- Living with type 1 diabetes; reflections through the years

Session 2

- Changes in complications over the years
- 100 years of hypoglycaemia
- Development of the first insulin pen device

Session 3

- C-peptide - the blood test that keeps on giving
- Diabetes Technology and me - from doing it myself to where?
- Keynote Lecture: '*Bionic pancreas research – now and the way forward*' by Professor Edward Damiano, Associate Professor of Biomedical Engineering, Boston University

Session 4

- Islet cell transplantation – now and the future
- Immunomodulation and the prevention of type 1 diabetes

Guest speakers include:

Dr Ken McHardy • Dr Arash Tahbaz
Dr Deborah Wake • Professor David Matthews
Professor Brian M Frier • Dr Sheila Reith
Professor Mark Strachan • Tim Street
Professor Shareen Forbes • Professor Colin Dayan

All grades of medical, nursing, scientific staff, allied health professionals and medical students are most welcome.

An early bird discount will be available until
23 December 2021

There are full and half-day options so you can book for as much or as little of the programme as you wish.

The symposium will be on our website for 28 days after the symposium so you can catch-up or re-watch any talks in your own time.
