

# RCPE: Edinburgh Oncology Course 2023

## Programme

 [rcpe.ac.uk](http://rcpe.ac.uk)

 @RCPEdin

 /RCPEdin

## Aim of course

We are delighted to once again be able to offer this course in person, and welcome delegates back into the Royal College of Physicians of Edinburgh.

Our new format will vary between pre-recorded pre-course talks and live panel discussions of clinical cases. The pre-course talks will be available to registered delegates from Monday 27 February 2023 in advance of the course, and will be available for 12 months. In this way, we believe delegates will benefit from the close setting which the course has become known for, whilst including the 'library' of talks which has become so popular.

We have been pleased to run this comprehensive course in Edinburgh since 2000. It is designed for trainees in Clinical Oncology at the start of their preparation for the FRCR exam part 2 and trainees in Medical Oncology at the start of their preparation for MRCP(UK) Specialty Certificate Examination in Medical Oncology. Specialty Doctors in Oncology find the course very useful, as do Specialty Nurses and Consultants looking for a refresher. This course has consistently received excellent feedback from delegates.

## Course organising committee

Dr Tamasin Evans (Chair)

Dr Colin Barrie

Dr Lesley Dawson

Dr Alastair Law

Dr Jahangeer Malik

Ms Marie Allan (Co-ordinator)

## CPD

The Federation of the Royal Colleges of Physicians of the UK runs a Continuing Professional Development (CPD) Scheme for all post-training physicians. Please note it is your responsibility only to claim credits for the hours you attend.

CPD Code: 143197  
CPD Credits: 30

## Additional Talks

More than 30 additional talks can be found at: [Library of Talks](#)

Login details have been emailed to delegates. They will be available for 12 months.

However should you have any difficulties gaining access to this material, please contact [cme@rcpe.ac.uk](mailto:cme@rcpe.ac.uk)

# Certificate of attendance and feedback

The sign-in register is now online and is combined with the course feedback form.

- **Please note that in order for us to issue certificate of attendance we require participants to complete our online feedback survey within 28 days**, and you will have been sent an email containing a link to your individual feedback form. If you do not receive this prior to the start of the course, please contact: [h.elliott@rcpe.ac.uk](mailto:h.elliott@rcpe.ac.uk)
- There is an option to save your feedback as you complete it during the day and finish your responses later. This is done through the '**Finish later**' button which is at the bottom of every page of the survey.
- Please note that the '**Finish later**' feature supplies you with an updated individual link which contains your previous answers. These are not accessible to our administration team so please ensure that you store this link as otherwise you will have to begin your survey again.
- The sign-in and feedback form will be open for 28 days after the event, **closing at midnight on Friday 14 April 2023**. Electronic certificates will be issued shortly after that date. It will not be possible to issue certificates to delegates who do not complete the form by this date as it is your confirmation that you attended – so please make sure you do.

## Interactive sessions/talks

Some of the speakers will be using an interactive software, 'Slido', so that everyone can ask the speakers questions and participate in polls and case discussions.

- On your mobile, tablet or computer, go to [slido.com](https://www.slido.com).
- Enter the event code: **#rcpeOnc23**
- This code will be used throughout the panel discussions.
- When delegates send questions to speakers, your device will display the delegate questions.
- When the speaker asks the audience questions/polls, your device will display the poll and you can vote from your device.
- After the poll it will switch back to the delegate questions.
- You can 'like' any delegate questions submitted, questions will rearrange based on how many 'likes' they have, highlighting to the Chair popular questions.

## In person delivery

All the panel discussions on the programme will be recorded and along with the 'library' of talks, will be available to delegates for 12 months from the week following the event.

## Social media/photography

The College encourages online discussion and the use of social media. You may therefore see participants taking photographs, using mobiles, laptops or tablets for discussion on Twitter. Please feel free to participate – the Twitter hashtag for this event is **#rcpeOnc23**

## Sponsors and exhibitors

This course is supported by the following exhibiting companies who have purchased a hybrid exhibition stand space. It should be noted that these companies have played no part in planning the symposium and the Royal College of Physicians of Edinburgh does not endorse any commercial products. We are grateful to our sponsors for supporting this event.

3 day sponsorship

1 day sponsor  
(Wednesday 15.03.23)

1 day sponsor  
(Wednesday 15.03.23)

1 day sponsor  
(Wednesday 15.03.23)

1 day sponsor  
(Thursday 16.03.23)

## In person attendance:

Health professionals and NHS managers are invited to visit the company stands during the breaks.

To facilitate compliance with UK law, and the ABPI Code of Practice, prohibiting companies from promoting prescription-only and certain other medicines to the public, the stands have been set up in a clearly defined area of the conference centre. As products are licenced for the UK only, the exhibition space is only open to UK Healthcare professionals\*, not to medical students, our international delegates or members of the public. Thank you.

## Online attendance:

This healthcare professional landing page is not intended for patients or members of the general public, including medical students. By continuing to interact with this page, you confirm you are a healthcare professional\* resident in the United Kingdom. . As products are licenced for the UK only, the exhibition space is only open to UK Healthcare professionals\*, not to medical students or our international delegate. If you are not a healthcare professional, you must leave the page immediately. \*The ABPI Code definition of a healthcare professional is members of the medical, dental, pharmacy and nursing professions and any other persons who in the course of their professional activities may prescribe, purchase, recommend or supply a medicine.

PHYSICIANS of  
EDINBURGH

# Upcoming Events 2023

Throughout this academic year we will be delivering our Education Programme as a mix of hybrid, in-person and online. Our hybrid events give you the option to meet in the College for some face to face learning and conversation, or to view online from home. Most of our events and CPD/feedback surveys are open for 28 days after the event, so that you can catch-up at your convenience and from any time-zone. Alongside our popular Evening Medical Update programme we have our suite of speciality symposia and some new hot topics events to look out for.

## Education Portal

Material from these events is made available beyond the on-demand period to Fellows, Members and Associates on the College's Education Portal, where you'll also find hundreds of hours of other clinical and non-clinical content.

[learning.rcpe.ac.uk](https://learning.rcpe.ac.uk)
