COLLEGE of
PHYSICIANS of
EDINBURGH

Edinburgh International Course on Medicine for the Older Adult

In-person | Mon 13 - Fri 17 May 2024

The Edinburgh International Course in Medicine for the Older Adult will be delivered in person in 2024, and there will be an excellent line up of speakers from the UK and worldwide to cover a variety of topics relevant to anyone involved in the care of older people.

The course is designed to update you on the theory and practice of geriatric medicine with many practical talks, as well as wide-ranging discussions on the holistic management of the older adult.

In 2024 the course will explore the following themes:

- The journey through the hospital
- Neurology
- Psychiatry
- Community
- Surgical links
- Liaison workshops
- Geriatric giants

Course director:

Dr Conor Maguire, RCPE Vice-President (International)

Consultant in Medicine of the Older Adult

The course also features a popular social programme, including a Welcome Reception in our historic buildings and a medical history tour of Edinburgh. The afternoons of Wednesday and Friday are free of lectures so you can explore our beautiful city.

Venue: Royal College of Physicians of Edinburgh, 11 Queen Street, Edinburgh, EH2 1JQ

Although of particular value to doctors working in geriatric medicine at consultant or trainee level, many general practitioners, allied health professionals and specialist nurses may also find the course very relevant and worthwhile.

An early bird discount will be available until Monday 15 April 2024

Book the five-day course or individual half or full days. Booking for a half day can only be taken on the Wed 15th or Fri 17th May 2024

For full programme, fees and to book online: events.rcpe.ac.uk
