COLLEGE of
PHYSICIANS of
EDINBURGH

Obstructive Sleep Apnoea (OSA) & Non-Invasive Ventilation (NIV) Course

In Person | Thu 22 & Fri 23 September 2022

Overview

Primarily for respiratory consultants, physiologists, senior trainees and any physician with an interest in NIV/Obstructive Sleep Apnoea, this in person course will provide an update on current hot topics and controversies. There will be supplementary resources and videos to go alongside the live events, and these will be made available to delegates for 12 months.

Obstructive Sleep Apnoea

Obstructive Sleep Apnoea is a growing problem. This section of the course covers:

- What does sleepiness mean?
- OSA Phenotypes: A Personalised Approach to Treating OSA
- Hypoglossal Nerve Stimulation
- Hypertension and OSA
- COPD, OSA and Sleep

Obstructive Sleep Apnoea

The course will describe and discuss the technical aspects of NIV to ensure that the procedure is successful. Topics covered include:

- NIV/CPAP/ HFNO in Covid and AGP
- Long term tracheostomy care and invasive ventilation in the community
- NIV Transition Clinics
- Predicting acute NIV success
- Discharge Planning for Complex NIV

Due to the interactive nature of this course, this is an in-person course only, it is not possible to attend this course virtually online.

This course will have a maximum attendance of 35 delegates and we would encourage you to book soon to confirm your place
