

ROYAL
COLLEGE of
PHYSICIANS of
EDINBURGH

Renal Medicine

Online | Thursday 22 April 2021

Lifelong management of chronic kidney disease

- What is an ideal transitional service?
- Challenges of long term management of renal transplant recipients
- Conservative kidney care

Glomerular disease and vasculitis – clinical challenges and new treatment strategies

- Vasculitis – interactive cases
- Keynote Lecture: 'B Cell therapies and renal disease' by Professor Menna Clatworthy, University of Cambridge

Clinical trials in renal medicine

- Why do we need big trials in nephrology?
- SGLT2 inhibitors – treatment for diabetic and non-diabetic kidney disease
- Helping patients make informed decisions

What a nephrologist should know but often doesn't

- How I manage renal stone disease
- How to approach acid-base disorders

Guest speakers include:

Professor Hilary Bekker • Dr Claire Douglas
Professor Will Herrington • Dr Lucy McGeoch
Dr Arvind Nagra • Dr John Neary • Dr Adnan Sharif
Dr Kate Stevens • Dr Graham Stewart • Dr Ron Wald

All grades of medical, nursing, scientific staff, allied health professionals and medical students are most welcome.

An early bird discount will be available until
24 March 2021

There are full and half-day options so you can book for as much or as little of the programme as you wish.

The symposium will be on our website for 28 days after the symposium so you can catch-up or re-watch any talks in your own time.
